

Bluest Eye Essay Prompt

Write an essay in which you choose one character from *The Bluest Eye* and complete a Marxist or Psychoanalytical reading of that character. Think about how your chosen critical approach impacted the character and the outcome of that character. Use references from the text to support your claim about this character.

You will be graded on:

- analysis of the character
- the application of the theory
- inclusion of evidence to support your claims
- and basic writing conventions (that means...GO BACK AND PROOFREAD!!! If there's a little red line, you might have spelled a word wrong...weird...)

Type your essay in a Google Doc and upload the doc into your "submitted" folder.
